INSTITUT  
POLYTECHNIQUE  
DE PARIS

2024-2025

“ There are two really innovative forms of motorsport  
left : Formula One and Formula Student ”

Ross Brawn, former F1 managing director

**60**  
Countries  
represented

Formula Student is above all an opportunity for students to get involved in a **long-term project**. The aim is to develop the **participants' future engineering skills**, through the design and manufacturing of the vehicle.

It also means acquiring **managerial skills** and **entrepreneurial experience**.

# A COMPETITION: FORMULA STUDENT

Around a hundred teams come together to compete on and off the track. Static and dynamic tests to evaluate the **performance** of the car and the **economic and technical** coherence of the project.

**9**  
Competitions  
in Europe

# A MOTIVATED TEAM

Our team, drawn from **a variety of backgrounds and schools** and divided into 10 divisions, shares the same values of mutual support, perfectionism and sensitivity to **environmental issues**.

Therefore, to promote these values and look to the future, the team will be competing in the **electric category**.

**50**  
Members

**15**  
Nationalities

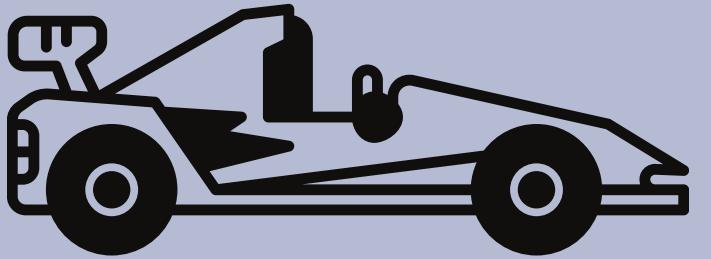

**5**  
Schools

# OUR AMBITIONS

Our project is destined to be a **long-term** one.

The IP Paris Racing Team aims to establish itself as a French benchmark and to promote the excellence of its schools.

The work done on the first single-seater will enable subsequent promotions to **take over the team** and improve its performance from year to year.

**2026**  
First car ready to compete

**Best  
Newcomer**

# TECHNICAL OBJECTIVES

0-100 km/h in less than 4 seconds

90kg aerodynamic downforce at 100km/h

Over 1.5g lateral acceleration

A chassis weighing less than 150kg

**IP PARIS**  
RACING TEAM

# BECOMING A PARTNER

---

The IPP Racing Team aims to build **lasting relationships of trust** with its sponsors. Our partners will **contribute directly to the progress of our project** through various types of donations: financing, parts, software licenses and know-how.

# THE DIFFERENT PACKAGES

In exchange for their financial, technical or material support, the stable offers privileged access to 50 students from France's top engineering schools.

DIAMOND

GOLD

SILVER

BRONZE

- ▶ **Logo size on car**
- ▶ **Logo on our website and social networks**
- ▶ **Invitation to performance testing sessions**
- ▶ **Logo on pilot's outfit**
- ▶ **Advertisement in official brochures and company presentation on our website**
- ▶ **Loan of the car for display and logo on our accessories**
